ACADEMY OF DENTISTRY YEAR BOOK

1949-1950

TWENTY-SEVENTH SESSION

VOLUME SIXTEEN

EDGAR A. WHITE, President

PRESIDENT'S FOREWORD

On behalf of your Academy Council I present for your perusal the sixteenth edition of our year book. We have endeavoured to give you a well-rounded programme at our stated meetings and the newer techniques at our annual winter clinic.

Study groups were reintroduced last year and will be part of our programme this year: they are meant to supplement not augment the Academy programme.

The Academy furnishes the most economical means of keeping you abreast of the current conditions and techniques in our profession. It is hoped that a greater number of our profession will take advantage of the opportunity, not only to benefit themselves but to have closer associations with their fellow practitioners.

We are committed to a programme of Dental Health education in greater Toronto. This calls for the unity and action of every practitioner.

We are but human, and being human are prone to err, but, these errors will be of omission not of commission. The good that men do lives after them.

OFFICERS OF THE ACADEMY OF DENTISTRY

President—E. A. White, 1474 Bathurst St.	ME. 7488
President Elect—Earl Bancroft, 274 Danforth Ave.	GE. 4453

 Secretary-Treasurer—Harold E. Leslie, 345 Bloor St. W.MI. 6070

DENTAL PUBLIC HEALTH

This year your chairman has assisted in the formation of Pedodontia groups of fifteen members. This activity has been started in The Toronto East Dental Association, and each group has its own chairman. They meet regularly once a month and up to date there have been three meetings. These groups of fifteen are comprised of both young and old members of the profession. The amount of interest and enthusiasm displayed is very satisfying. It is the intention of your chairman to endeavour to assist in the formation of similar study groups in the other local dental societies.

The Public Dental Health Committee of The Academy of Dentistry has realized for some time that something should be done to co-relate the various dental groups and to formulate a definite plan for Dental Public Health education both for the profession and the public. Having in mind the necessity of a concrete plan of attack to this matter, Dr. E. A. White the president of the Academy of Dentistry called a meeting in May, 1949, at the Faculty of Dentistry Building. To this meeting were called representatives from the following; The Ontario Dental Association; City of Toronto, Department of Public Health, Dental Division; The Academy of Dentistry; The Canadian Dental Association, and The Board of the Royal College of Dental Surgeons.

At this meeting, Dr. Harvey Reid acted as chairman and Dr. R. C. Moore as secretary. Dr. E. A. White proposed that a committee consisting of five representatives from the Academy, three each from the Public Dental Health Committee of the Ontario Dental Association and the dental staff of the Department of Health of this city and ex-officio the heads of the above mentioned organizations, be set up as a ways and means committee for the Public Dental Health education of the City of Toronto. The following resolution was unanimously carried when put to a vote

"Whereas, we as representative of organized Dentistry in the Toronto area, believing that the dental profession has not given adequate leadership in matters relating to dental public health, are unanimously of the opinion that an active programme of dental public health education should be instituted. In order to promulgate such a programme it is our considered opinion that a representative committee should be formed, delegated with the duty of formulating and carrying out an active campaign for the education of both the profession and the public in dental public health affairs."

ANNUAL DINNER MEETING

ROYAL YORK HOTEL

6.30 P.M.

MON., OCT. 17, 1949

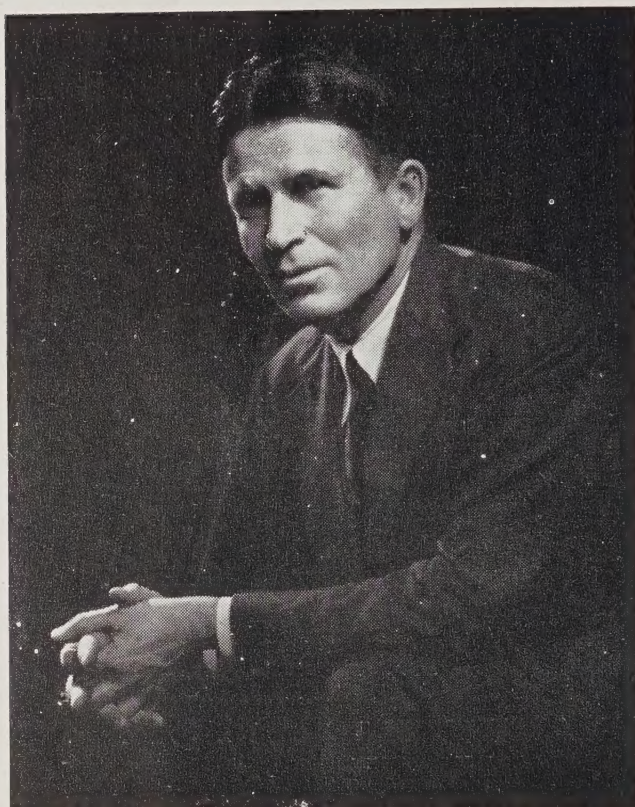

photo by KARSH

GRATTAN O'LEARY

Subject: "SIX PRIME MINISTERS"

Mr. O'Leary was born in Gaspé, Quebec. He began his newspaper career in New Brunswick with the St. John Standard and in 1911 came to the Ottawa Journal. In 1921 he attended the Imperial Conference in London and the International Disarmament Conference in Washington.

He was a Canadian Representative to the Imperial Press Conference in Australia, 1925.

He is a keen follower of all sports and has a fund of information concerning the prize ring and its devotees.

In June, 1947, he was made an honorary life member of the New York State Bar Association.

At present he is Associate Editor and Vice-President of the Ottawa Journal.

FIRST STATED MEETING

ROYAL ONTARIO MUSEUM

8.15 P.M.

THURS., NOV. 10, 1949

HAROLD HILLENBRAND, D.D.S.

Subject: "THE PROFESSIONAL SCENE: DENTAL PROBLEMS IN THE UNITED STATES"

The essay will attempt a general survey of dental health problems in the United States as they relate particularly to dental education, legislation, auxiliary personnel and programme planning. An effort will also be made to evaluate the programme of the dental profession in the United States as a part of an essential health service.

Dr. Harold Hillenbrand, of Chicago, was elected general secretary of the American Dental Association in Miami, Florida in 1946. Formerly he was editor of The Journal of The American Dental Association.

Dr. Hillenbrand is a graduate of the Chicago College of Dental Surgery Dental School of Loyola University. He was engaged in the private practice of dentistry from 1930 to 1945 when he joined the Association's staff as its chief editor. He formerly was editor of the Illinois Dental Journal and the Fortnightly Review of the Chicago Dental Society.

In addition to his post as chief executive officer of the A.D.A., Dr. Hillenbrand is also assistant professor of ethics and social relations on the faculty of the Loyola University dental school in Chicago. Dr. Hillenbrand is a member of the National Advisory Dental Research Council of the federal government and is a member of the dental advisory committee of the W. K. Kellogg Foundation.

WINTER CLINIC REPORT - 1948-49

Each year the Winter Clinic becomes larger and to give the fellows a picture of what it involves, it was decided by council to include a short report of its activities in the year book.

A greater number of men from out of town are taking advantage of this day. The total registration of practitioners was 547, of which 169 were from out of town, plus the students, exhibitors and nurses, made an overall registration of 854.

Receipts—

Registration	\$1401.00	
Luncheon and dinner	1024.00	
Limited attendance clinics	363.00	
Advance from Academy (Deficit)	207.86	\$2995.86

Expenditures—

Royal York Hotel	\$1784.00	
Honoraria and Expenses	471.66	
Visual Education (Brokerage etc.)	122.83	
Administration Expenses (Commissionaires, signs, etc)	157.33	
Programme	460.04	\$2995.86

ANNUAL WINTER CLINIC

THURSDAY

NOVEMBER 24th, 1949

ROYAL YORK HOTEL

SYNOPSIS OF PROGRAMME

8.30 a.m. - 9.30 a.m.	REGISTRATION
9.30 a.m. - 12.00 a.m.	GROUP CLINICS
12.30 p.m. - 2.00 p.m.	LUNCHEON Speaker—Don M. Graham, M.A.
2.30 p.m. - 5.00 p.m.	GROUP CLINICS
5.00 p.m. - 6.00 p.m.	TRAVELOGUE
6.00 p.m. - 7.45 p.m.	DINNER Entertainment:
8.00 p.m. - 10.00 p.m.	TABLE CLINICS

Do not send registration fee until after receiving official programme.

PLEASE NOTE

The registration fee for the Winter Clinic is two dollars for Academy members. The privilege of attending this meeting is extended to out-of-town practitioners for a fee of four dollars. The luncheon, dinner, and limited attendance clinics are not covered by this fee.

ANNUAL WINTER CLINIC

The following committee of Dr. J. A. Bigelow, Dr. W. R. Jackson, Dr. R. W. Marshall, Dr. J. E. C. McGowan, Dr. C. Summerfeldt, Dr. A. E. Hobden, and Dr. E. L. A. Bancroft, chairman, has endeavoured to plan a programme that will be informative, instructive, and entertaining to all who attend.

Besides the two group clinicians shown in this section, there will be several other discussions on practically every phase of dentistry. Commander W. C. Wohlfarth, Jr., Dental Corps, U. S. Navy, will discuss "Acrylic Resins in Crown and Bridge Procedure", and three officers of the Royal Canadian Dental Corps School will present a group clinic on "Treatment Planning".

Dr. Robert E. Moyers of the Department of Orthodontics at the Faculty of Dentistry, Toronto, has consented to discuss orthodontic problems confronting the general practitioner. Dr. Watt of the Faculty of Medicine, Toronto, will discuss dental anatomy and its relationship to orthodontics, prosthetics and surgery.

Dr. G. W. Johnston on "Some New Phases of Amalgams," Dr. D. H. MacDonald on "Surgery", Dr. W. G. McIntosh on "Periodontia", Dr. R. A. Clappison on "Hydro-colloids", Dr. A. W. S. Wood on "Dentistry for Children", and Dr. F. T. Pearson on "Operative Hints", will contribute greatly to rounding out the programme for the day.

The Dental Public Health Committee will be supporting our programme, and finally a symposium on "Habits in Relation to Mouth Health" will be presented by authorities on Psychology, Psychiatry, Pediatrics, and Pedodontics. This discussion should be one of the high-lights of the day.

Our table clinics in the evening and the Dental Nurses and Dental Assistants' Programme will complete the 1949 Winter Clinic.

PLEASE ATTEND AND BRING A FRIEND. BE READY FOR THE DAY BY REGISTERING BY MAIL AS SOON AS YOU RECEIVE YOUR OFFICIAL PROGRAMME.

ANNUAL WINTER CLINIC

GROUP CLINICIAN

R. M. APPLEMAN, D.D.S.

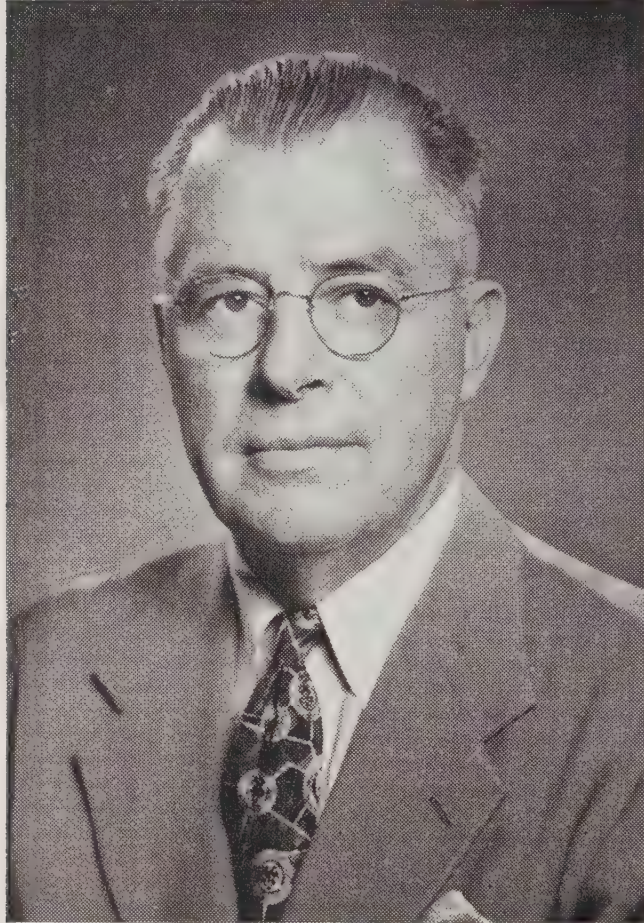

Subject: "THE EXTENDED TUBE TECHNIQUE IN INTRA-ORAL RADIOGRAPHY".

Dr. Appleman's presentation will include the use of the extended tube technique in intra-oral roentgenography will make it possible for the general practitioner to produce films of conditions as they actually exist in the mouth. The proper use of this technique will eliminate all elongation or foreshortening. It will also make it possible to ray an area repeatedly and obtain the same results.

Dr. R. M. Appleman graduated from Ohio State University Dental School in 1927. He practised dentistry in Columbus, Ohio from 1927-1941. He entered U.S. Army in 1941 and served at Walter Reed General Hospital in Washington, D.C. from 1941-1946. He was Associate Professor of Dentistry, University of Chicago, Zoller Memorial Dental Clinic, 1946 and instructor at Ohio State Univ. Dental School from 1938-41.

ANNUAL WINTER CLINIC

GROUP CLINICIAN

FRANK C. HUGHES, D.D.S., F.A.C.D.

Subject: "PRECISION METHODS IN COMPLETE DENTURE SERVICE."

This will be a lecture-clinic supplemented by coloured lantern slides and models. All procedures from diagnosis to delivery of dentures will be covered.

Suggestions will be offered concerning the technical application of recognized fundamental principles in an effort to render a high type of prosthetic service simply yet effectively.

Dr. Hughes graduated from Indiana University in 1918. He is now Professor of Prosthetic Dentistry at his Alma Mater and is a consultant in the Riley, Long and Coleman Hospitals.

He is a member of the American Full Denture Society and has had a wide experience in lecturing and conducting post graduate clinics in the U.S.A.

ANNUAL WINTER CLINIC

LUNCHEON SPEAKER

DON M. GRAHAM, M.A.

Mr. Graham graduated from the University of Toronto in 1927. He went from there to the Forest Hill Village Schools, where, in 1945 he was made Director of Education. He has also assisted the football coaching staff at the University and for 7 years was Superintendent at Bolton Camp.

He is on the Board of Directors of the Big Brother movement; the Educational Advisory Committee of the Canadian Chamber of Commerce and the Athletic Advisory Board of the University of Toronto.

He is also Secretary of the Canadian Educational Association Research project on practical education.

STUDY GROUPS

The Academy of Dentistry last year sponsored study groups to supplement the regular stated meetings of the Academy. Because of the splendid response, it is our intention to endeavour to increase the number of different groups this year. Chairmen for the various sections have been appointed to act until the first meeting of a study club, after which the members may elect their own executive. Organization meetings will be held at the Faculty of Dentistry Building, College Street, the hours and date to be announced later.

The conditions under which Academy-sponsored study groups operate are outlined as follows:—

1. The groups will operate on a yearly basis, terminating April 30th of each Academy year.
2. The personnel in the groups may continue from year to year, and vacancies will be filled by new applicants.
3. All members of the study groups must be members of the Academy.
4. Any group bringing in a guest speaker must first obtain permission from the Academy Council.
5. Study groups will be of such a size and nature that each member may benefit from participation. (Minimum number is 10).

The following is a list of group chairmen to whom application may be made for membership in the respective groups.

Radiography: Dr. R. W. Marshall - 62 Richmond St. West.

Prosthetics: Dr. A. B. Babcock - 165 Yonge Street.

Operative: Dr. R. A. Clappison - Medical Arts Bldg.

Endodontia: Dr. E. Charles Aho - 86 Bloor St. W.

Pedodontia: Dr. A. W. S. Wood - 2906 Bloor St. W.

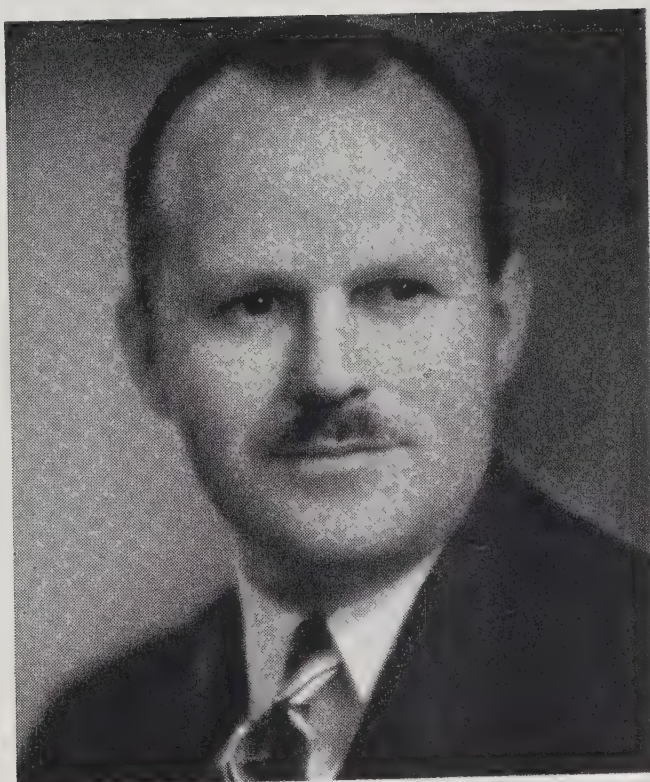

Exodontia: Dr. David H. MacDonald - 2 College Street.

SECOND STATED MEETING

ROYAL ONTARIO MUSEUM

8.15 P.M.

WED., JAN. 18, 1950

S. A. MACGREGOR, D.D.S., F.I.C.D.

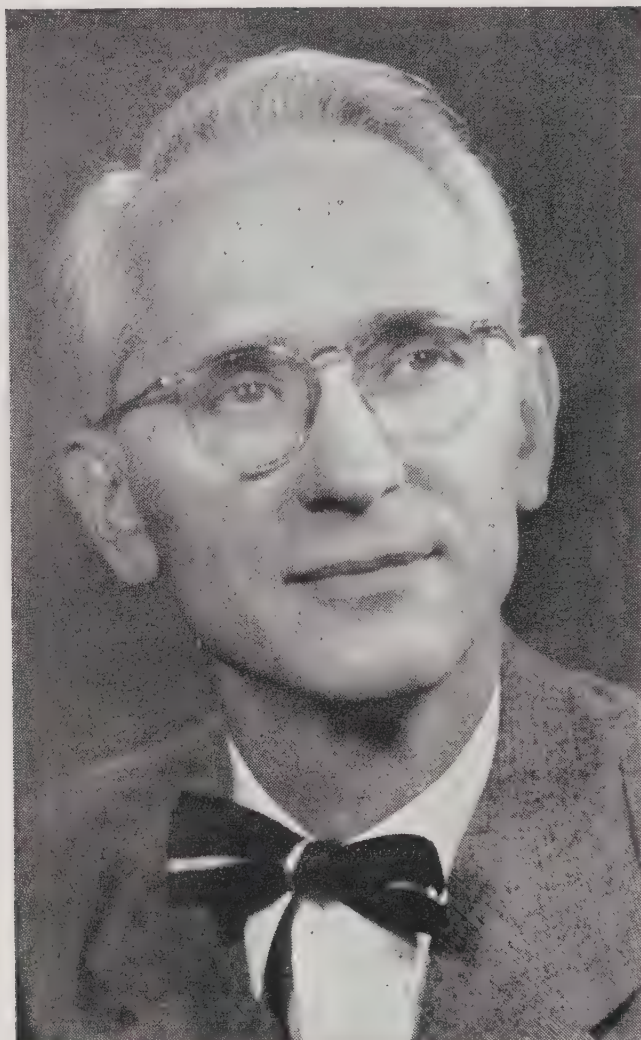

**Subject: "A DISCUSSION OF THE PROBLEMS THAT CONFRONT THE
GENERAL PRACTITIONER IN CARING FOR THE CHILD IN
HIS PRACTICE"**

Dr. MacGregor's subject will be covered in the following manner: a short review of the growth and development and factors that influence growth from genetic, endocrine and environmental standpoints.

THIRD STATED MEETING
ROYAL ONTARIO MUSEUM

8.15 P.M.

WED., FEB. 15, 1950

LOUIS B. SCHULTZ, D.D.S.

Subject for Evening Meeting: "EFFICIENT HEALTH-GIVING CONTRIBUTION THROUGH CORRECT OPERATIVE PROCEDURE."

Dr. Schultz is Professor of Operative Dentistry at the University of Michigan. He is also a member of the American Academy of Restorative Dentistry and a member of the Detroit Clinic Club.

Subject for Afternoon Limited Attendance Clinic held at Royal York Hotel from 2-4.30: "INDIRECT IMPRESSIONS A HEALTH SERVICE FACTOR."

This will cover completely the indirect method of making gold inlays.

N.B. An application and registration fee of Ten Dollars payable to the Academy should be forwarded to the Secretary, Dr. Gordon L. Frawley, 86 Bloor St. W. by those wishing to attend.

As the clinic will be able to accommodate only a limited number, those attending will be chosen in order of application.

FOURTH STATED MEETING
ROYAL ONTARIO MUSEUM
THURS., MAR. 9, 1949

8.15 P.M.

ROBERT G. KESEL, D.D.S., M.S.

Subject: "AN EVALUATION OF CARIES CONTROL PROCEDURES."

Dr. Kesel's talk will cover, briefly, a review of the etiology of caries to establish a background for a rational of preventive procedures.

These control procedures will be grouped with the following six categories 1. Dietary. 2. Oral Hygiene. 3. Anti-enzymatic. 4. Increased Tooth Resistance. 5. Acid Neutralization and 6. Anti-bacterial.

Dr. Kesel graduated from the University of Illinois Dental School in 1926 and received his degree of M.S. in 1931 from the same school.

He has been professor and head of the Department of Dental Pathology and Therapeutics since 1936 in that university.

He is a Past President of the Illinois Alumni Association and of the Chicago Dental Society. He is President-elect of the Illinois State Dental Society and a member of the Library and Indexing Committee of the American Dental Association.

He is a fellow of the American Academy of Oral Pathology.

Just an M.O.D.—but it has

"the Difference that's Distinctive"

thanks to "N.P.C."

A lot of "blood, sweat and tears" can go into an M.O.D. Inlay. Among connoisseurs of M.O.D.'s, this would be judged a p-r-e-t-t-y good one — beautifully carved occlusal; nicely fitting margins; properly placed contact points. It's the net result of a relaxed, comfortable patient and a relaxed, unhurried dentist. Yet being unhurried, the dentist made his preparation more rapidly and more skilfully than if he had been worrying about his patient's discomfort. That's the distinctive difference between Novocain-Pontocaine-Cobefrin and the conventional anesthetics in operative work. "N.P.C." anesthesia is deep; it's long-lasting; there is no increase in vasoconstriction; no perceptible decrease in patient tolerance. In operative procedures where pain or discomfort is probable, let your first step be

Anesthetize with "N.P.C."

Extras in X-RAY

WEBER RAYDEX means better radiography...

... because, with all necessary data on variable factors predetermined, the Weber RayDex X-Ray consistently produces films of maximum detail and density.

That, of course, means more accurate diagnosis, more skillfully executed operative techniques. These, in turn, mean greater professional prestige, better pleased patients ... the essentials of an increasingly successful practice.

Thus, professionally and financially, Weber RayDex returns extra dividends on your X-ray investment. See it, get the facts, at your Weber Dealer's ... order now for early delivery. The Weber Dental Manufacturing Co., Canton 5, Ohio. U. S. A.

DEMAND IS FAST INCREASING
FOR THESE NEW AND ETHICALLY
PROMOTED PREPARATIONS

DENTALGEN POWDER

For the cleansing and healthy maintenance of the teeth and the entire oral cavity. Has a potent digestive and solvent action on food particles, dead epithelia, mucinous plaques. The formula offers an unique combination of ingredients, embodying dibasic ammonium phosphate to reduce the lactobacillus acidophilus.

ANALGEN OVALS

Represent an exceptionally effective analgesic and antipyretic preparation combining ingredients long recognized as being effective in the relief of pain due to tooth extraction, headaches, neuralgia, neuritis, colds, etc.

DIALGEN POWDER AND OVALS

Offer a well balanced combination of alkalies, enzymes, antispasmodic and sedative ingredients, ensuring prompt and prolonged relief in gastric irritability, hyperacidity, faulty digestion (either protein or carbohydrate) and other allied gastric disorders.

BILAGEN OVALS

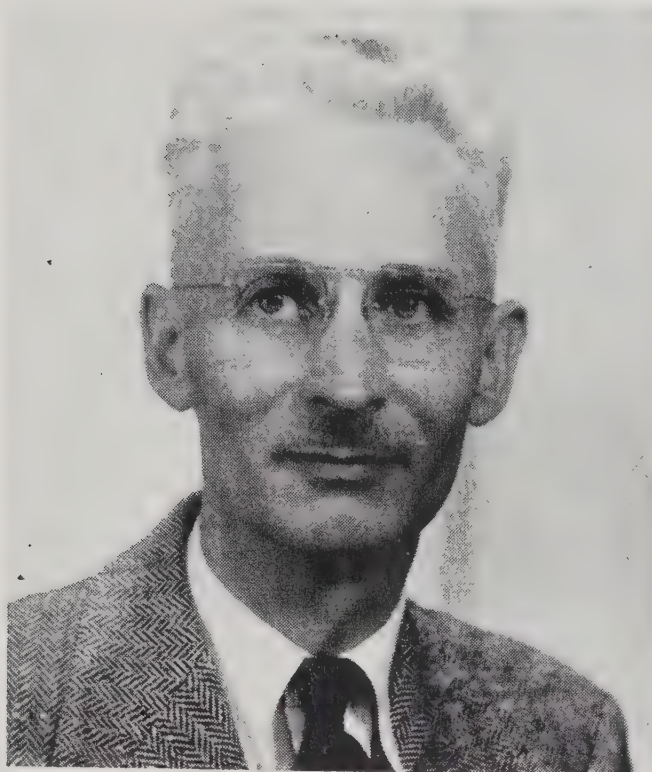

Provide natural, unoxidised bile salts which stimulate secretory activity of the liver, thus helping to effectively combat abscessed conditions by correcting the most frequent underlying cause — the absorption of Toxins as a result of Intestinal Stasis, mostly due to the lack of bile.

PAST PRESIDENTS OF THE ACADEMY OF DENTISTRY

The Past Presidents of the Toronto Dental Society are identified as Past Presidents of this Academy. Below is a list of the Past Presidents indicating the year they held office:

1891-92	N. Pearson	1921-22	H. A. McKim
1892-93	J. B. Willmott	1922-23	R. Gordon McLean
1893-94	N. Pearson	1923-24	J. A. Bothwell
1894-95	W. H. Wunder	1924-25	Arthur Day
1895-96	G. S. Martin	1925-26	W. G. L. Spaulding
1896-97	H. E. Eaton	1926-27	H. G. Robb
1897-98	A. J. McDonagh	1927-28	R. S. Woollatt
1898-99	J. E. Wilkinson	1928-29	W. B. T. Amy
1899-1900	J. B. Willmott	1929-30	T. E. C. Butler
1900-01	A. E. Webster	1930-31	E. C. Veitch
1901-02	F. D. Price	1931-32	J. W. McDonald
1902-03	W. E. Willmott	1932-33	T. R. Marshall
1903-04	G. S. Martin	1933-34	E. A. Grant
1904-05	C. E. Pearson	1934-35	Frank Martin
1905-06	W. G. L. Spaulding	1935-36	Wm. J. Kerr
1906-07	J. B. Willmott	1936-37	S. S. Crouch
1907-08	R. G. McLaughlin	1937-38	Harvey W. Reid
1908-09	A. J. McDonagh	1938-39	Harold Hoag
1909-10	H. E. Eaton	1939-40	Wm. G. Trelford
1910-11	A. E. Webster	1940-41	Edmund T. Guest
1911-12	A. D. A. Mason	1941-42	Stewart A. MacGregor
1912-13	C. A. Kennedy	1942-43	Lloyd M. Grose
1913-14	W. E. Willmott	1943-44	Charles McLean
1914-15	G. W. Grieve	1944-45	Harold Skilling
1915-16	F. C. Husband	1945-46	Harold A. Swales
1916-17	E. F. Arnold	1946-47	H. Colton Bliss
1917-18	W. B. T. Amy	1947-48	F. Harold Shepherd
1918-19	J. E. Rhind	1948-49	J. H. Johnson
1919-20	R. D. Thornton		
1920-21	W. H. Coon

CANADIAN DENTAL ASSOCIATION

DR. G. VERNON FISK, President

As a Fellow since the inception of the Academy of Dentistry, Toronto, it has been my privilege to witness the splendid spirit of co-operation which pervades this fine organization.

This spirit was exemplified in a very practical manner during World War II by the provision of comforts to those Fellows serving overseas in the Armed Forces and again upon their return to civilian practice through the rehabilitation programme. This latter included assistance in securing office accommodation and equipment. Since the conclusion of hostilities this same spirit of co-operation has resulted in the presentation of scientific programmes of high calibre and has been evidenced by a phenomenal growth of interest in and attendance at the Winter Clinic.

As a natural outcome such a co-operative spirit has extended far beyond the Academy itself. Year after year Fellows of the Academy have made numerous contributions as essayists, clinicians and in other capacities to professional organizations in the United States and Canada.

On behalf of the Officers, Board of Governors and Members of the Canadian Dental Association, I wish to thank the Fellows of the Academy of Dentistry, Toronto, for their outstanding contribution to the advancement of Canadian Dentistry and extend greetings and best wishes for another year of progress and accomplishment.

ONTARIO DENTAL ASSOCIATION

DR. L. M. GROSE, President

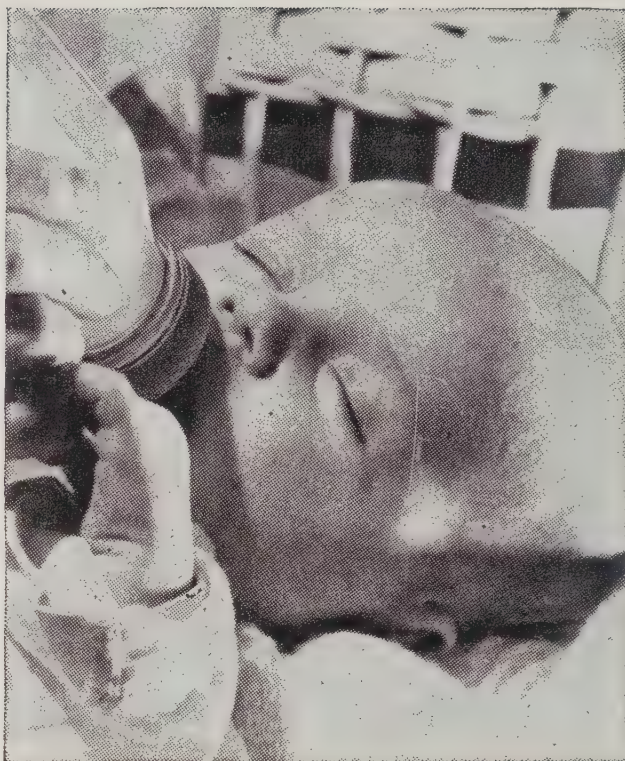

It is my happy privilege to convey the greetings of the Ontario Dental Association to the Academy of Dentistry, Toronto. A very friendly spirit of co-operation has always existed between our societies.

The 1950 Convention will be another national meeting held jointly with the Canadian Dental Association. An outstanding feature of the programme will be "The Celebration of the 75th Anniversary of the Establishment of Dental Education in Canada". This event will take place at the Faculty of Dentistry, University of Toronto, where Dean Ellis and his staff will be our hosts.

The Ontario Dental Association gratefully acknowledges the assistance given by your members in the past and solicits your continued and enthusiastic interest in the future.

On behalf of the Board of Governors of the Ontario Dental Association I wish you a most successful year.

CONSTITUTION OF THE ACADEMY OF DENTISTRY AS REVISED IN 1949

Article I. *Name*

The name of the organization shall be "The Academy of Dentistry, Toronto".

Article II. *Objects*

Objects of the Academy shall be:

1. Advancement of the art and science of dentistry.
2. To promote the highest ideals of dental practice.
3. Cultivation of harmony and good fellowship among its Fellows, and among the members of the dental profession generally.

Article III. *Membership*

1. Any licentiate of the Royal College of Dental Surgeons of Ontario, and in good standing, may make application for membership.
2. Any licentiate of the College of Physicians and Surgeons of Ontario, and in good standing, may make application for membership.
3. All applications for membership shall be subject to the approval of a majority of the Executive Council.
4. Membership shall be continuous unless terminated by resignation, or suspension, for non-payment of dues or unprofessional conduct. (Suspension for non-payment of dues becomes automatic if in arrears after December 31st of the current year.)
5. Members of more than three years continuous good standing in the Academy who are obliged to resign or become subject to suspension for non-payment of dues because of sickness or difficult circumstances, may remain members without dues, at the discretion of an unanimous favourable vote of the Executive Council.
6. "For meritorious service to the Dental Profession, or the Academy of Dentistry, Toronto, Honourary Life Members may be elected by an unanimous favourable vote of the Executive Council.
Any member of the Dental Profession who has completed fifty years of practice may be elected an Honourary Member of the Academy, by an unanimous favourable vote of the Executive Council".
7. Members of the graduating class of the current year, resident or practising in York County, may be granted membership for the year following their graduation.

Article IV. *Officers*

1. The officers shall be President, Past President, President-Elect, Secretary and Treasurer, to be elected as hereinafter provided. The duties shall be those generally assigned to such officers.
2. The Council shall consist of the Officers and five other Fellows, one from each electoral district, to be elected as hereinafter provided, for a term of one year.
3. Any vacancy occurring in the Council shall be filled at once by the Council.

Article V. *Committees and Duties*

1. The duties of the Council shall be to arrange the programme for the meetings; to provide the organization of the different sections; to present to the January meeting the recommendations for an election Committee of three members; to conduct the business of the Academy and to report at the general meetings.
2. The Council shall appoint from the Academy Membership, Chairmen of Standing Committees.
3. The newly elected Council shall take office on the first of May succeeding the election.
4. The financial year shall be from the First of May in each year to the Thirtieth of April of the succeeding year.
5. A chartered Accountant shall be appointed by the Executive Council, each year, to audit the Treasurer's books before they are passed on to his successor.
6. An audited financial statement of the year ending April 30th, shall be made available to each member not later than October 30th, of the same year.

Article VI. *Meetings*

1. Meetings shall be held in October, January and March, and at such other times as may be arranged by the Council.
2. Special Meetings may be called by the Council at any time.
3. Any physician or non-resident dentist may attend any meeting of the Academy as a guest of a Fellow. In other cases the permission of the President must be obtained, except as provided in Article VIII, Section 6.

Article VII. *Finance*

1. The annual dues of the Academy shall be Ten Dollars.
2. Grants may be made to the recognized component societies, on a per capita basis, and of such amounts as may be determined by the Council from time to time.
3. The following district societies are recognized as components of the Academy of Dentistry, Toronto:
 - The Toronto East Dental Association
 - The Association of Downtown Dentists
 - The Toronto Central Dental Society
 - The North Toronto Dental Association
 - The West Toronto Dental Society

Article VIII. *Study Groups*

1. Groups shall be organized when a sufficient number of the Fellows make application to the Council.
2. The Council shall arrange for the organization of each Group.
3. Each Group shall elect a Chairman and a Secretary.

4. The Chairman of each Group shall report to the Council on the work of the Group.
5. The Council shall have general oversight of the work of the Groups.
6. Any Dental Technician may attend the meetings of a Group only on the invitation of the Group, and the approval of the Council, and shall be liable for the fee of the Group but shall not be a Fellow of the Academy.
7. The Group Fee must be paid to the Group Secretary not later than the second meeting of the Group.
8. No one shall be accepted as a member of a Group (except as provided in Section 6), without presenting his ticket of membership in the Academy for the Session.

Article IX. *Electoral Districts*

District No. 1—East Toronto—All East of the Don.

District No. 2—Downtown Toronto—Carlton and College (both sides) and all south between Dufferin St. and the Don.

District No. 3—Centre Toronto—Bloor St. (both sides) and all south to Carlton and College Streets from Dufferin Street to the Don.

District No. 4—North Toronto—All North of Bloor St. between Dufferin St. and the Don.

District No. 5—West Toronto—Dufferin St. (both sides), and all West.

Article X. *Elections*

1. At the January meeting, an Election Committee of three members shall be appointed by the Academy.
2. Not later than the twentieth of January in each year, the Secretary shall send to each Member-:
 - (a) A list of Fellows—arranged according to districts.
 - (b) A list of the offices.
 - (c) A blank nominating paper.
3. Each Fellow, with the written consent of the Nominee, may nominate one member for each office, and one representative from his District as Councillor. No Fellow shall be nominated for more than one office.
4. The nomination papers must reach the Secretary not later than the first of February, in an envelope marked on the outside, "Nomination Paper".
5. Within three days the Secretary shall place all Nomination Papers received, still sealed, in the hands of the Election Committee.
6. The Election Committee shall open the envelopes, make a list of those nominated, and in cases where sufficient names have not been submitted to ensure an election, may make further nominations for any or all of the offices. Within five days they shall send to the Secretary a list of all nominations.
7. Not later than the twenty-second of February, the Secretary shall send to each Fellow a ballot containing the names of those nominated for President-elect, Secretary and Treasurer, and a separate ballot for Councillor in his district. The election shall be carried out according to regulations laid down

by the Academy Council, providing for secrecy of ballot and limitation to Members only.

8. The voter shall mark only his choice on the ballot for each office and Councillor for his District.
9. Ballots shall be returned to the Secretary not later than the first of March.
10. Within three days the Secretary shall send the ballots to the Election Committee.
11. The Election Committee shall notify the Council of the results of the election within three days of receiving the ballots.
12. The original voter's list, as checked by the Election Committee, shall be posted at the stated meetings at which the elections are announced.

Article XI. *Changes*

This Constitution may be altered at any General Meeting by a two-thirds vote of those present and voting, if the proposed change has been included in the notice of the meeting.

TORONTO ORTHODONTIC STUDY CLUB

President H. Colton Bliss
Secretary-Treasurer J. T. Crouch

The club's programme for the ensuing year will include a further study of the basic sciences as related to the practice of Orthodontics.

A review of the current literature on orthodontics will be made by the various members with a view toward co-ordination of diagnosis and practice.

Dr. A. LeRoy Johnson, who addressed the club during the past year, was elected to Honorary membership in recognition of his outstanding contribution to orthodontics, particularly in the field of research.

Two other outstanding orthodontists have previously received similar recognition in the persons of Drs. Robert H. W. Strang, and George W. Grieve. In each case this recognition by the Toronto Orthodontic Club is well merited.

The members of the club are as follows:

H. E. Leslie,	J. T. Crouch,	S. S. Crouch,	G. V. Fisk,
M. R. Culbert,	W. R. Hendry,	S. J. Lesco,	H. C. Bliss,
Robert E. Moyers		M. L. Simon.	
Members Emeritus—H. G. Bean, C. A. Corrigan.			

TORONTO SECTION ONTARIO SOCIETY OF DENTAL ORAL SURGEONS

OFFICERS FOR 1949-50

President D. H. MacDonald, 2 College St.
Sec.-Treas. John F. Methven, 803 Runnymede Rd.

The Toronto Dental Oral Surgeons are planning four dinner meetings with speakers to discuss the problems arising from this branch of dentistry. All members of the Ontario Society of Dental Oral Surgeons are invited to attend whenever possible.

Publicity	Lee Burger
Archivist	Gertrude Whitehead

On behalf of the Executive and members of the Dental Nurses' Alumnae, I wish to extend a very sincere invitation to all Graduate Dental Nurses to attend our monthly meetings and to take part in our social activities during the coming year. A special invitation is extended to the class of 4T9 to become members of our association.

We will try to plan as extensive a programme as possible which will make it well worth your while to join us. Our meetings are held on the first Wednesday of each month at the I.O.D.E. Headquarters, Spadina and Lowther. You will find fellowship, new friends and a greater pride in your profession.

May I, on behalf of all members, thank the Academy of Dentistry for the privilege of presenting this message.

DOROTHY A. DEARING, President

TORONTO AFFILIATED ASSOCIATION ONTARIO DENTAL NURSES' AND ASSISTANTS' ASSOCIATION

The Executive and Members of the Toronto Dental Nurses' and Assistants' Association extend a hearty invitation to all Dental Assistants and Nurses to attend their meetings on the first Monday of each month at the Royal York Hotel.

In planning the year's programme it is our earnest desire to make it a well-rounded educational programme which will benefit all those who attend. We aim to promote good fellowship and friendliness among our members and a warm welcome awaits all new Dental Assistants and Nurses.

Our opening meeting will be October 3, 1949.

The Winter Clinic will be held in conjunction with the Academy of Dentistry on November 24, 1949.

Our Annual Dinner Dance will be held on Friday, February 24, 1950, at Malloney's Art Gallery.

We sincerely hope that all members and prospective members will join us and support our effort to make 1949-50 an enjoyable and interesting year.

We record here our appreciation of the support and co-operation given our Association in all our activities by the members of the Academy of Dentistry. We extend to them our best wishes for a very successful year.

ELIZABETH BROWN, President.

Blue Cross

PLAN FOR HOSPITAL CARE

Until further notice no new subscribers will be accepted through the Academy of Dentistry by the PLAN. However, direct application can be made to the Blue Cross Plan for Hospital Care, 135 St. Clair Avenue West, for membership as individual subscribers.

Because of the changes in rates and benefits under the Blue Cross Hospital Plan, this review is given to inform the Fellows, who have joined the Plan through the Academy of Dentistry, of the various phases and present status of their membership.

Following a suggestion from Dr. John A. Sherman, an application was made to the Blue Cross Plan for Hospital Care to form a group from the Academy of Dentistry to participate in the benefits of group coverage for the costs of hospitalization. There were 140 Fellows of the Academy who joined the group on December 1st, 1944. Today the membership is 310. These figures do not include dependents of subscribers, the total number of individuals protected against the costs of hospitalization through the Academy of Dentistry now being about 850.

In 1944 the subscriber's cost was 75c per month for all adults sixteen years and over. This was increased to \$1.00 per month in July, 1948, with corresponding increases in benefits, i.e., the age of dependent children who were covered at no additional cost was raised to 18 years of age; x-rays and serum therapy were added; and the number of days hospitalization was increased from a maximum of 51 days to 207 days per annum. The members who have been continuous subscribers since 1944 are now entitled to 91 days—or 3 months—for each member of the family per year. Due to increased hospital rates and the greater use of the hospitals, resulting in dwindling reserves in the Plan, it was necessary either to (1) reduce the benefits allowed, or (2) increase the rates. The latter course was chosen as being more beneficial to subscribers in case of real need of hospital services. On July 1, 1949, the rate was therefore increased to \$1.55 per month for each adult.

Regulation 2 of the Plan specifies that rates are in effect "from month to month", and the Plan provides that new members are permitted to join only at regular collection periods. It was considered impractical (if not impossible) for the Chairman of the Academy group to undertake the collection from our large membership on a monthly basis, particularly when it

is necessary for every individual cheque to be in the Chairman's hand BEFORE the group cheque can be forwarded to the Blue Cross. Collection periods for our Group were therefore established semi-annually, with privilege given to pay for one year in advance, if preferred. The establishment of this annual or semi-annual payment, however, did not alter the Blue Cross declaration that rates were effective "from month to month", so that the Blue Cross was quite within its rights to increase the rates in order to keep the fund in a sound financial condition.

Following each of the two increases in rates which have taken place since the inception of our Group, the Chairman has had to calculate the increases for each member for the remainder of our fiscal year and send out notices, together with an explanation for the increase. This has brought some dissatisfaction and questions to the minds of our members. Many felt that they had paid for a year in advance and that an increase was "illegal". To clarify any misconception on this point it should be remembered that rates are effective "from month to month", and that the annual or semi-annual collections from our Group are made to lessen the amount of work entailed in collecting the small cheques from our members. Even with one or two collections a year the cost during the past five years has amounted to \$130.00. This amount has been paid by the Treasury of the Academy of Dentistry. All services of the Chairman and Council members are gratis. The full amount of your cheque is the cost of the Plan as set by the Blue Cross. In the past five years there has been collected from our members and paid over to the Blue Cross \$22,500. The Academy of Dentistry has borne the full cost of printing, postage, etc., for the collection of premiums for the Fund.

Hereafter, collections will be made semi-annually—June 1st and December 1st. To enable us to keep the expenses at the lowest possible figure, members are urged to send their cheques promptly to the Chairman on receipt of his notice that premiums are due. In this way no "reminder" would have to be sent and no phone calls made to be sure that subscriptions are in by the date when it is necessary to forward our Group cheque to the Blue Cross. Will each member keep this in mind when his next notice reaches him—and send your cheque immediately to cover your membership?

CHARLES McLEAN, Chairman
Plan For Hospital Care

THE LADIES' AUXILIARY TO THE ACADEMY OF DENTISTRY

MRS. W. W. PHILP

The Ladies' Auxiliary extends best wishes to the Academy of Dentistry, and takes pleasure in presenting the following programme for 1949-50:

Thurs. Oct. 20, 1949—Membership Tea, 3-6 P.M. - Prince Arthur House.

Thurs. Nov. 17, 1949—Luncheon, 12.45 P.M. - Chez Paree Restaurant. Dr. A. D. A. Mason, "Australia", Illustrated (Convened by North Group).

Thurs. Jan. 19, 1950—Luncheon, 12.45 P.M. - Royal York Hotel. Mrs. W. D. Tucker, "Personality and the Speaking Voice", (Convened by East Group).

Sat. Feb. 18, 1950—Afternoon Bridge—Arcadian Court, 2.30 P.M.

Thurs. Mar. 16, 1950—Luncheon, 12.45 P.M.—Royal York Hotel.
Miss Edna Jaques, Subject to be selected.
(Convened by West Group).

Thurs. April 20, 1950—Luncheon, 12.45 P.M.—Prince Arthur House.

METAL CAP ANESTUBE WITH MONOCAINE

There are 4 individual parts to the Metal Cap of each Anestube, the distinctive local anesthetic cartridge. Each performs a specific function. Together, this ensemble spells convenience for you and protection for your patients.

- 1.—The Metal Cap Anestube may be sterilized by gentle flaming, assuring a complete chain of sterile precautions.
- 2.—The Metal Cap Anestube cannot be forced off during the injection, preventing the possibility of leakage.
- 3.—The Metal Cap Anestube cannot clog the needle as there is only a thin rubber disk to puncture.

The Metal Cap Anestube with Monocaine makes the ideal combination for safe, potent, uneventful anesthesia. Use Metal Cap Anestubes . . . Blackout Pain with Monocaine.

Monocaine is the registered trade mark of the Novocol Chemical Mfg. Co., Inc.

NOVOCOL CHEMICAL MFG. CO. OF CANADA, LTD.

Novocol products sold
in Canada are made

Brooklyn • London • Buenos Aires • Rio de Janeiro

REPORT OF THE SECRETARY 1948-49

The following is a report of the activities of the Academy of Dentistry for the year 1948-49. Our president, Doctor J. H. Johnson, guided the Academy through one of its most successful seasons. He enjoyed the honour of heading a record year of 513 members.

Our Annual Dinner was held at the Royal York Hotel, and the Fellows had the privilege of listening to the Honourable Paul Martin. His discussion of dental hygiene in the Canadian Health programme was one of the season's high-lights.

There were five stated meetings held during the year in the theatre of the Royal Ontario Museum. All meetings were well attended even though weather conditions at times were at their worst. One of our most successful meetings was the Second General Meeting, our speaker being Doctor Don H. Bellinger. This evening was part of several evening sessions sponsored by the Faculty of Dentistry on the subject of cancer.

The Academy also had presented to them, the opportunity of attending a limited attendance clinic on complete denture prosthesis under the teaching of Doctor Carl O. Boucher.

The Winter Clinic, under the capable chairmanship of Doctor Edgar A. White, was considered to be one of the most successful clinics sponsored by the Academy of Dentistry. The attendance was on a par with former Winter Clinics, and the out-of-town members are showing a greater interest each year. The speaker at the noon luncheon, Mr. John W. Fisher, gave as usual an informative and inspiring address.

The Academy is continuing to sponsor the Blue Cross Plan for Hospital Care under the Direction of Doctor Charles McLean. The Academy of Dentistry annual prize presented to the University of Toronto, was won by George E. Burgman, a promising dental student.

It was moved and duly seconded that Doctor Harry Thompson be made an Honorary Life Fellow of the Academy of Dentistry, in recognition of the many years of outstanding service he has rendered to the profession of dentistry.

Dental Public Health has made splendid progress in the City of Toronto. A Committee, representative of all health services is being formed to stimulate professional and lay interest in this vital subject.

To all the Fellows and guests who gave unstintingly of their time to add to the success of the Academy this year, we extend our most heartfelt appreciation.

Respectfully submitted,

EARL BANCROFT,
Secretary.

TREASURER'S REPORT

The Academy of Dentistry,
Toronto, Ontario.
Gentlemen:

We have prepared the attached Balance Sheet of the Academy of Dentistry as at 30 April, 1949, together with a Revenue and Expenditure Account. Subject to the following report, we hereby certify that, in our opinion, the attached Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Academy's affairs at that date, according to the explanations and information given us and is as shown by the books.

We report upon the various Balance Sheet items in their order as follows:

ASSETS

Cash in Bank—\$2,096.20

Your bankers have confirmed the bank balance to us by certificate.

Dominion of Canada Bonds—\$5,514.72

Details are shown on the face of the Balance Sheet. We have verified the interest revenue from these bonds. We have examined the bonds comprising the above total.

LIABILITIES

Accounts Payable—Nil

Your Treasurer, Dr. G. L. Frawley, has certified that all known liabilities to 30th April, 1949, have been paid and that there were, at that date, no guarantees or contingent liabilities outstanding.

Profit and Loss

Details are shown on Schedule "A".

A comparison of the total revenues and expenses for the current year with the preceding one is as follows:

	For the year ended	
	30th April, 1949	30th April, 1948
Total Revenue	\$5,518.08	\$5,560.94
Less: Total Expenses	5,494.48	4,859.52
Surplus for the Year	\$ 23.60	\$ 701.42

As we were unable to make a complete verification of all the sources of revenue, we are, accordingly, able to certify to the correctness of the Revenue Account only to the extent that it is in agreement with the books and information given us.

We are,
Yours faithfully,
HILL, TESKEY CO.
Chartered Accountants.

HEINZ FOODS

IN

SPECIAL

DIETS

Heinz Nutritional Charts are prepared especially for the guidance of dentists, physicians, nutritionists, dietitians, and public health workers, and have proved useful in devising and prescribing diets where the patient is suffering from oral disorders or irritation.

Heinz Strained Foods may be safely recommended by dentists because they are thoroughly cooked uniform fine particles with the coarse indigestible fibre removed. Being smooth, they cause a minimum of mechanical irritation to sensitive mouths, gums and digestive systems. Not only are they easily digestible, but in general their nutritional value is very good. The wide assortment of Heinz Strained Foods available provide your patients with more variety and aid in giving nutritional balance to diets during the restricted period.

When a restricted dietary regime is prescribed, better co-operation from the patient is obtained if preparation of the diet is made as simple and convenient as possible and variety is provided. For complete information on Heinz Strained Foods and free copies of Heinz Nutritional Charts write direct to H. J. Heinz Company of Canada Ltd., 420 Dupont Street, Toronto 4, Ontario.

Q. How Can I Build My Practice QUICKLY?

A. With Prestige-Building RITTER Equipment.

The Choice of Leading Dentists

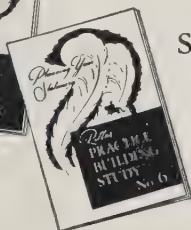

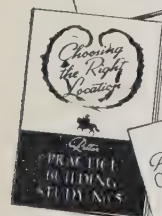

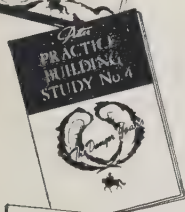

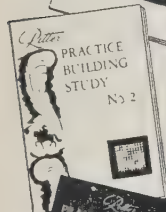

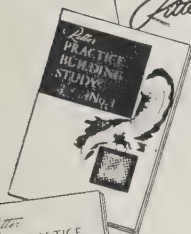

You must *look and act* successful to become successful—quickly. And this is what a modern Ritter equipped office does. It immediately establishes you as a dental leader in the eyes of the only people who will put you in the higher income bracket—your patients.

The Ritter Company not only helps you to dental leadership with the world's finest equipment; Ritter offers you these valuable practice-building services—

1. The complete services of the Ritter Office Planning Department. We'll plan every detail of your layout including decorations, without cost.
2. The Ritter Statistical Service. We'll furnish data about any community in which you wish to practice.
3. Practice-Building Studies that tell you how you can make more money with proven facts, not theory.
4. The Ritter Deferred Investment Plan that allows you to start with the finest equipment—and pay out of earnings. Ask your Ritter Dealer.

Success starts with planning—now. We're ready to help. Please call on us.

1899 ★ ★ ★ 1949

THE year 1899 is significant in the annals of Canadian pharmacy. In that year the late Charles E. Frosst founded the organization that now bears his name. In so doing, he put into effect an ideal that has never been lost sight of . . . the furnishing of Canadian-made, quality-controlled pharmaceutical products to meet the most exhaustive requirements of the medical profession. The extent to which this policy has been fulfilled is revealed in the ever-growing confidence placed in the Company by Canadian physicians and pharmacists. The past 50 years have seen great advancement in pharmaceutical progress. We look forward to sharing in the discoveries that the future will bring in the increasing benefits that medical science can offer to mankind.

Curved TO FIT THE RIM OF THE
BRACKET TABLE AND ECONOMISE SPACE

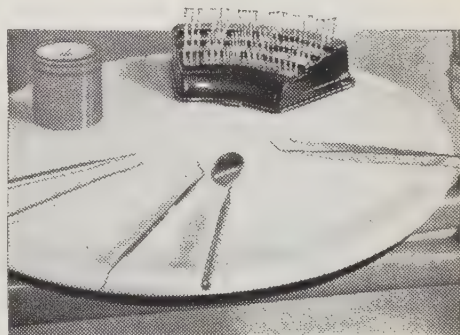

Convenient,

Compact, Attractively Modern!

The Ash B.T. (Bracket Table) Bur Assortment enables you to keep a practical selection of Ash Burs constantly in the position which is most convenient to you—on the bracket table, directly under your hand and eye. Yet, as the small illustration at the right shows, it leaves by far the greater part of the table free for other operating essentials. The Assortment is distinctively modern in shape, and is moulded in the most modern of materials—plastic.

The Assortment contains: 7-doz. Ash Burs for Angle handpiece, 3-doz. Ash Burs for Straight handpiece, and 2-doz. Ash Miniature Burs (for use in Ash Miniature Head handpieces). The required burs can easily be found: Angle burs are in white holders, Straight burs are in green holders, and Miniature burs in red holders.

The Ash B.T. Bur Assortment in place on a bracket table. By far the greater part of the table is still available for other operating essentials.

caulk DI-CEM

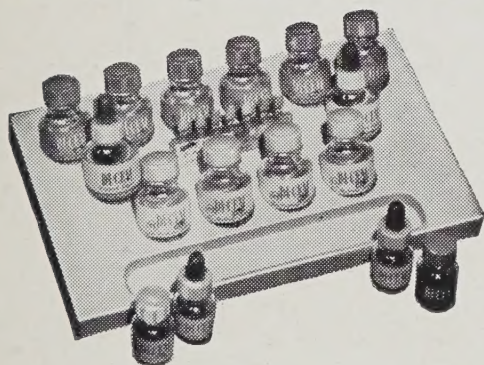

Not one product, but two . . . DI-CEM
can become one of the most versatile
and useful materials in your office.

DI-CEM No. 1 (in four shades) is ideal for posterior fillings, where esthetics is a factor. Recommended also for filling deciduous teeth . . . and for use under clasps, instead of metal, to avoid galvanic action. High strength, low solubility. Sets promptly. Easy to manipulate.

DI-CEM No. 2 (in six shades) brings new efficiency in cementation. Especially useful in orthodontia. Permanent translucence, fine particle size. Tests prove it exceptionally low in solubility, high in retentive strength.

DI-CEM COMBINATION PACKAGE

CONTENTS:

4 Powders No. 1 DI-CEM
6 Powders No. 2 DI-CEM
2 Bottles Liquid
1 Shade Guide
1 White Enameled Tray
Trial Bottles of No. 1
